MEMORANDUM FOR: Deputy Director for Administration
Deputy Director for Operations
Deputy Director for Intelligence
Deputy Director for Science and Technology

FROM: Daniel A. Childs, Jr.
Comptroller

SUBJECT: Additional Requirement for Congressionally Directed Study ☐ 25X1

REFERENCE: A. 10 June 1983 memo from Comptroller to Deputy Directors on
Request for Appeal to the 1984 Authorization Conference ☐ 25X1
B. 13 May 1983 memo from Comptroller to Deputy Directors on
SSCI Classified Annex on 1984 NFIP ☐ 25X1

1. As you will recall, Reference A advised of two special studies requested by the HPSCI Classified Annex to the 1984 Intelligence Authorization Bill. One of these requires a development plan for selected major ADP systems, including SAFE, the NPIC Upgrade, and CAMS. We have been informed by the IC Staff that we should submit plans responsive to this HPSCI request on each of our relevant systems. ☐ 25X1

2. The plans should identify the specific milestones which we intend to achieve, and include:

- a. software development goals (by function, where applicable);
- b. hardware acquisitions;
- c. subsystem initial operating capabilities (IOC) with a definition of what constitutes each IOC;
- d. resource expenditures.

These plans should be submitted to this office by 26 August 1983. ☐ 25X1

3. If you have any questions regarding preparation of these plans, please contact your directorate representative in this office. ☐ 25X1
